

Job Title: Testing Technician  
Department: Product Development  
Reports To: Systems Group Manager

## **GENERAL DESCRIPTION**

The testing technician is responsible for testing prototype medical devices following standard protocols and under direct supervision. Most testing will be performed on portable, primarily plastic devices meant to house and manipulate sub-milliliter volumes of fluid. A successful candidate must have strong attention to detail and organization skills, be able to accurately and consistently follow directions and experimental protocols, and have a strong work ethic. The testing technician is also responsible for miscellaneous tasks in a biomedical engineering laboratory related to design and fabrication efforts of aforementioned devices. This is an entry level position.

## **REQUIREMENTS**

### **Education:**

- High School Graduate

### **Skills and Experience Required:**

- Written and verbal English fluency
- High degree of professionalism including punctuality, respect, and compliance with company policy
- Fast learner
- Strong attention to detail and organization skills
- Ability to accurately follow detailed instructions and experimental protocols
- Strong work ethic
- Ability to effectively communicate and work in a team

## **ESSENTIAL DUTIES AND RESPONSIBILITIES**

### **Responsibilities:**

- Test prototype medical devices following standard protocols and under direct supervision
- Record thorough observations and results from testing
- Provide written and verbal reports
- Perform miscellaneous tasks in a biomedical engineering laboratory related to design and fabrication efforts of medical devices
- Assist with the maintenance, cleanliness and safety of the laboratory
- Interface and work effectively with multiple interdisciplinary departments

### **Working Conditions:**

- Work is normally performed in a typical office or lab work environment
- Possible exposure to mechanical, biologic and chemical hazards
- Frequent use of personal computer, copiers, printers, and telephones
- Frequent standing, walking, climbing stairs, sitting, listening, and talking
- Infrequent lifting of up to 25 lbs
